EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

Please replace the Title of the invention with the following:

-- POLYMORPHS OF IMATINIB MESYLATE --.

Note: The title of the invention was changed according to MPEP § 606.01 [R-2].

On page 1, below the title of the invention, insert the following as the first sentence:

-- This application is a 371 of PCT/IN03/00206 filed June 2, 2003. --

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest reference of record, WO 99/03854 teaches two crystalline forms of imatinib mesylate (α -form and β -form). The reference, however, did not teach or fairly suggest to one of ordinary skill in the art, the instantly claimed crystalline imatinib mesylate form H1 having the X-ray powder diffraction spectrum; or a hydrate of imatinib mesylate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Receipt is acknowledged of the Information Disclosure Statement filed on February 18, 2005 and a copy is enclosed herewith.
